## President's Letter

Dear Friends,

Labor Day. Back to school. And crisp fall days for riding. Autumn is my favorite season. This newsletter includes the Hunter Pace flyer and entry. Please share them. Print an extra one or two for your local feed store or barn. If you go to another hunter pace, bring copies of our information and spread the word. We get most of our new riders by word of mouth and the HP is our only annual fundraiser. Thank you.

We are looking for hosts and locations for our Christmas Progressive Ride and the Holiday Party. If you and a friend ride out to meet each other and trail ride and either of you have room to park some trailers, please consider hosting this ride. If your house has space for a party and some parking and you like low-key, potluck entertaining we would be so grateful. If you have another idea for either event we would be happy to hear it. Please get involved.

## UPCOMING EVENTS

### GENERAL MEETINGS

**Thursday, September 22, 7 pm, Fire Museum.  
FREE FECAL EGG COUNT TESTS!**

Michael Zulch and Dr. Janet Williams from Elms College will collect manure samples and talk about their Equine Microbiome Research project. "The microorganisms found in horse guts are analogous to those in humans, and the research at Elms is working to establish the benchmarks for what "normal" is. This could be helpful in human research as well." See pages 5-7 for more information and a form to fill out for each sample. Lynda and I went to the program they did for the CHC and it was really fascinating! Guests welcome! RSVP [lcrvhc.org@gmail.com](mailto:lcrvhc.org@gmail.com).

**Thursday, October 27: Making Your Own Rope Halter**, led by Theresa Kennedy, location and details TBA

### MEMBER-ONLY RIDES

**Saturday, September 25: Pachaug**

**Sunday, October 23: Weber Woods, Clip & Ride** and Mark Hunter Pace route, contact Lynda Perry RSVP to [cymaronfarm@snet.net](mailto:cymaronfarm@snet.net) or on the lcrvhc facebook page.

### LCRVHC/BPC WORK PARTY

**Saturday, October 29: Hunter Pace set-up**

### HUNTER PACE

**Sunday, October 30: Annual Fall Festival Hunter Pace.** Costumes encouraged! Poster and entry on pages 8-10.

**See calendar on last page for more!**

**Please remember when riding at Bluff Point, Hammonasset, Chatfield Hollow, and other State Parks: These parks are busy and get a lot of non-horse-friendly use. Be considerate. Pass walkers and other trail users slowly and respectfully. Do not ride where you see NO ANIMALS or NO HORSES signs posted. The boardwalks on the Shoreline Greenway Trail in Hammonasset, for example, are not horse safe. No horses are allowed on the beach at Hammonasset from April 1 to November 1. Horses are never allowed on the beach or in the picnic area at Chatfield Pond. PLEASE remove any manure from roads, trails, and beaches in State Parks. We want to keep these areas open to equestrians!**

**On high-use trails in the state forest, please dismount and kick/scatter manure off the trail so the kids don't walk in it and track it into Mom's SUV!**

**Remove all manure from parking areas and trail heads!**

### **Some Recent Programs and Activities**

The work party originally scheduled for July 9 ended up being postponed until August 6, due to predicted severe thunderstorms (which totally missed us). When we did finally get out there, it was the usual crew: Chuck Sharples, Mark Leas, Kristin Elliott Leas, Tom Elliott, Dave Beaudette, and yours truly. Chuck used his trailer to haul in some stone and Kristin spread it to repair areas off Tower Hill damaged by 4-wheelers. Kristin's tractor work was so expert that Tom, Dave, and I mostly leaned on our rakes and watched. LOL. Actually, we did pick up lots of branches and saw up some larger stuff to clean up the green trail while we were out there. DEEP has positioned large rocks to hopefully block future access. Kristin found a size 0 Easy Boot Trail which I took home and washed. Calling Cinderella—If it is yours, please contact me to claim.

The Hurd Park member only ride on July 10 was a lot of fun. Nice turnout, pretty day, and a friendly low-key ride. There was a mountain bike ride going on at the same time so we had some good Share the Trail experiences. Howard Tunick led us on some trails we didn't know about. The woods in some areas were sadly devastated by gypsy worms. After the ride Karen Gallo cooked hotdogs to share. See photos page 3.

Our annual summer picnic was held July 28 at Karen Gallo's home in Guilford. Her yard and pool were lovely, just perfect for a hot summer night. Karen gave me a break and did all the shopping and set up, and then would not let the club reimburse her. Karen, thank you for your extreme generosity. I didn't take any pictures.

The mounted games day planned for August was postponed once, due to extreme heat and humidity, then had to be cancelled due to a family emergency. Maybe we will try again next summer.

On August 27 there were 5 of us at the member only ride at Machimoodus. Marylou and Doug Millet, Lynda Perry, Karen Gallo, and myself. It was a gorgeous day. We had a really nice ride. See photos page 4.

Please see the Upcoming Events box on the first page and the Calendar on the last page for more activities. We are looking for ideas for the 2017 calendar!

I hope to see you soon.

## Content Wanted for Newsletter

Let us know what you are doing with your horse. Write a Meet the Member Bio of yourself or a friend. Send pictures of your horse, your adventures or show results, links to articles, tack picks, barn tips, whatever you want to share. E-mail [lcrvhc.org@gmail.com](mailto:lcrvhc.org@gmail.com).

LCRVHC members,  
please join us at the general meeting on September 22 as we discuss

# What's the Scoop on Poop?

Research conducted at Elms College in Chicopee, MA to understand the microbes that keep horses moving.

In appreciation for participating in this program we are offering

## Free Fecal Egg Counts

for sample submissions. (see details below)

### Beneficial Bacteria?

To some this may sound strange, however, there is a growing number of people within and beyond the science community who have realized that **most bacteria are healthy** counterparts to people as well as horses. In fact, we rely on these these bacteria to keep our bodies and immune systems strong. Just as every horse is unique, the different populations of bacteria are unique too. At Elms College, we want to understand the affect that the collection of these bacteria have on the horse, and to do that we need your help(and your horse's poop). Come see this program presented by Dr. Janet Williams and Michael Zulch to learn more about our efforts to answer the question **what's the scoop on poop?** We encourage you to participate by bringing a fecal sample from your horse and "donating" it to be a part of our work. We will share with you what questions we have, how we plan to answer those questions, and demonstrate for you how we do a fecal egg count. We will have a fun time and at the end we will take questions. Hope to see you there!

### Submitting a Fecal Sample

If you would like to participate in the sample donation and receive a complimentary fecal egg count, here are the instructions.

- **Collect a sample-** to do this we recommend inverting a ziplock sandwich bag and picking a sample of feces a little bigger than the size of a golf ball. Remember, it is extremely important that you label the bag. We would appreciate it if you could simply use a marker to write your last name and the horses name on the bag. If you have the ability to chill the sample we would also appreciate that as well- we recommend putting the sample bag into a bigger gallon ziplock bag with some ice.
  - **Submitting the sample** at the event we will be handle the sample collection first. In order for us to be able to incorporate the sample into our research we will need to collect some information about the horse. We will do this on a form which will be available at the event. Please know that any information shared with us will be kept confidential and not distributed to anyone.
  - **Speeding things up** if you would like to fill out the form ahead of time please do so by going to this website: <https://goo.gl/forms/XnltRfzRtaOFG1nh2> or filling out the attached form
  - **Questions?** Contact Michael Zulch at [zulchm@student.elms.edu](mailto:zulchm@student.elms.edu)

# Bridle Path Conservancy News

The BPC continues its work to maintain and enhance the Quinimay Trail through volunteer efforts at both the southern and northern ends of the existing trail. If you would like to volunteer a little time to test walk/ride the proposed trail extensions and do some light clipping along your way, please contact Kristin Elliott (southern section, Westbrook) or Chuck Sharples (northern section, Higganum).

---

## A Friendly Reminder

The BPC is a non-member organization dependent on LCRVHC for manpower and inspiration! It is basically still LCRVHC's trails committee! We maintain the trails in Weber Woods and the Quinimay Trail. The hunter pace which LCRVHC holds in Weber Woods each year pays the riding club's annual operating expenses. If you can't make it to an official work party maybe you can take a walk and toss some branches and rocks off the trail. Hours spent in Weber Woods or on the Quinimay trail can and should be logged as Adopt a Park time. Wear your badges. You may report your time to Chuck Sharples. We would all rather be out riding but please bear in mind that it takes a lot of hours of political action with the state and towns to prioritize open space and the work to maintain the trails is never ending. Please join us in our efforts. Thank you!

## LCRVHC/BPC 2016 Calendar

Please think about the 2016 calendar. If you are interested in hosting a MO ride please contact Lynda Perry (cymaronfarm@snet.net). If you have an idea for a program or activity, a topic you would like to learn about or a skill to share, please e-mail [lcrvhc.org@gmail.com](mailto:lcrvhc.org@gmail.com) or contact any board member. Meetings are at the Fire Museum behind 21 Copse Road, Madison, unless otherwise specified. It is always fun to go other places. LCRVHC has a Facebook page for member-only rides <https://www.facebook.com/lcrvhc>. Check it out! Note that Lynda has chosen a mix of Saturday and Sunday dates for rides this year to try and accomodate more schedules.
